

Massachusetts Small Business Energy Exemption (removes the 5% energy tax)

Removes the 5% surcharge on electric, gas and oil automatically added on by the State Of Massachusetts on all businesses (business only). This must be done each year, make sure you meet all the requirements on page one. This credit is not well known it took me over two hours to get the fax numbers from the utilities, very frustrating. I will provide a web link to the MDOR at the bottom of this post
